The CITY DIRECTORY is the Only Medium Published for Complete Information

REGARDING:—

FIRMS, INDIVIDUALS, FRATERNAL ORGANIZATIONS, SERVICE CLUBS, LOCATION OF STREETS, ETC., BECAUSE IT CONTAINS:

STREET GUIDE—

For those planning routes, deliveries, sales campaigns, etc., this section is invaluable. The names of business places and householders are listed, giving street number of each.

The starting points of all streets, also the intersections are shown. This last feature enables strangers and those not familiar with the streets to easily locate people (after having found the address, etc., in the Alphabetical section).

ALPHABETICAL SECTION—

The names of ALL (including wives) over 18 years of age appear in this section. **THE CITY DIRECTORY IS NOT JUST A LIST OF SUBSCRIBERS OR HOUSEHOLDERS ONLY**, but **CONTAINS THE NAME OF EVERY ONE OVER THE ABOVE MENTIONED AGE** which could be obtained by an Actual **HOUSE TO HOUSE AND BUSINESS TO BUSINESS CANVASS.**

Not only the name appears but also the address and **OCCUPATION** in the case of each individual and the **NATURE OF THE BUSINESS**, in the case of each firm.

The status of the individual is noted—that is if the person is a householder the letter (h) is used, if a boarder (b), roomer (rms), thus adding to the value of this section.

CLASSIFIED SECTION—

This contains a list of all the business places under their business headings. It is of great assistance to those trying to locate firms or business men whose names they do not know. It pays to be properly classified.

IT IS OFTEN THE LINK BETWEEN BUYER AND SELLER.

This, too, is not just a list of subscribers but contains the names of all business places, etc., in the city. A charge is made for extra classified headings and progressive business men realizing the need of having their firm name and products known, use this means of advertising their business.

MISCELLANEOUS SECTION—

Here can be found the names of Federal, Provincial, County, and Civic, Officials, Institutions, Fraternal Organizations, Service Clubs, Schools, Churches, Public Buildings, etc.

NO OTHER PUBLICATION CONTAINS the Combined Features Mentioned Above.

PREFACE

IN presenting the Sixty-First Annual Edition of the City of Hamilton Directory, we thank the business men and patrons in general for the liberal and enthusiastic support they have given us.

The number of names in the Alphabetical Section is 76,889. Wives' names approximate 30,300 making a grand total of 107,189 names in this section of the Directory.

The Street Directory shows some 41,800 listings including Householders, Firms, Offices, Buildings and Institutions. Our estimate of the population of the City proper is 165,500.

There are a number of persons whose names are in the directory who just live outside the city limits, and others who live in nearby municipalities who are employed in Hamilton, these names approximate 2,600, so the residential and working population of Greater Hamilton is 168,100.

This Publication
Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

It is our business to help your business. We know we can do it because we've been helping dozens of other businesses. Furthermore, to prove that our medicine is good, we've been taking it ourselves, with excellent results. Type faces that you will find here alone; typographers whose skill makes advertising stand out from the mob; and the one plant in Hamilton that is equipped to render a complete direct mail service is at your beck and call.

Let us show you what we have done for others. You will find it interesting.

Perhaps Letter Writing
Looks like a Task to You ....

But do you know you need only to tell us what you want the letter to accomplish – and we will write one you will approve of. The letters we write sell everything from catnip to cow bells.

The Jones Letter House offers a most complete service:

MULTIGRAPHING (type through a ribbon) any color, any style typewriter type. Facsimile signature run at same time with different color ink. This process approaches typewriting so closely that names and addresses may be filled-in to match perfectly.

MIMEOGRAPHING from postcard size to 8½" x 14". Reproducing typewriting, handwriting, sketches, drawings, charts, forms and sales helps in any color.

ADDRESSING by typewriter any style of typewriter type. Addressing by hand. Addressing by machine from addressograph plates,

LISTS of all kinds kept up-to-date and ready for you to use. Lists compiled on sheets or cards.

MAILING. All mailing operations, such as folding, enclosing, sealing, flapping, sorting for Post Office, tying, facing and delivery.

Having complete knowledge of direct mail advertising and complete facilities for its production, we can successfully prepare and produce advertising that will be as resultful to you as our work has been for others. Call Regent 1381 and make us prove it.

Yours in anticipation,
